

# Top Uses for Clove Oil

## Moisturises skin

---

Great for dry skin, reducing the 'baggy eye' look and removing stretch marks.

---

## Insect repellent

---

Used as an insect repellent as it has quite a strong scent.

---

## Pain reliever

---

Used to treat toothaches by placing it over the painful areas and leaving it to set for several minutes.

---

## Anti-fungal

---

It has anti-fungal properties and can be used to kill mould in small and 'hard to reach' areas.
